Claim Rejections - 35 USC § 112

Claims 28,30-38,43 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. It is not clear how simply rotating the deflector wall creates shock waves to decompose the material.
